

8 POINT WORKPLACE SAFETY CHECKLIST!

Check how your workplace holds up with our Workplace Safety checklist. Remember employers and employees must be trained in the proper use of workplace safety equipment and safety procedures.

- ☐ **1** Clean, clear & well lit walk ways and stair wells.
- ☐ **2** Workplace Safety Inductions in action.
- ☐ **3** Emergency management information at hand.
- ☐ **4** First aid kits & fire extinguishers up to date.
- ☐ **5** Heavy lifting & manual handling safety in place.
- ☐ **6** Identify workplace chemicals with relevant Safety Data Sheets.
- ☐ **7** Traffic & pedestrian access areas clearly defined.
- ☐ **8** Workplace hygiene standards maintained.

RSEA Safety can provide free safety assessments for your workplace.
